

## Tri-Cities Tech Business Update

May 2010 Issue

### Energy Solutions scholarships awarded

Students from ten Columbia Basin-area high schools have received scholarships from the [Energy Solutions Foundation](#). The scholarships are awarded to 10<sup>th</sup> grade students planning to study math, science, or engineering. Each student receives \$2,000. Richland High School student Katrina Hui was also named one of the top three distinguished award recipients in the nation and received an additional \$5,000 scholarship.
